

## **Nonpartisan Status**

**The Mableton Improvement Coalition (MIC) is a membership-based, volunteer civic association working to protect and improve Mableton. MIC is a Georgia nonprofit corporation, approved by the IRS as a 501(c)(4) tax-exempt organization.**

**As a nonpartisan community organization, MIC maintains a strict policy of not endorsing any political candidate for office. Our role is to provide forums and voter education, so that you, the voter, can make informed choices and then cast your ballot. MIC's name, logo, and image are solely the property of the Mableton Improvement Coalition. Usage of MIC's name, logo and image by a political party or candidate is prohibited.**

**In election years, MIC presents Candidates Forums so that area voters can meet the individuals running for important offices such as County Commission, School Board and the State Legislature. Strong turnout to these events shows elected officials that Mableton is a committed, involved and vibrant community.**
